Jacek Hacking

Front-End Web Developer

PROFILE

Front End Web developer. I began learning how to code in late 2019 and dove full time into learning in 2021 with a full stack bootcamp. I have been continuing to educate and cement what I learned in my bootcamp by diving deeper into front end development tools, languages, and documentation. I continue to develop a better understanding of development by building websites and hosting websites as a freelancer.

EXPERIENCE

Freelance Web Development — 2021-Present
Building web apps for small local businesses. Ranging from Massage Therapists Websites, to artist's personal portfolios, to altering old webpages for businesses looking to re-brand.

Massage Therapist, Salt Lake City — 2020-Present
Currently working as a Licensed Massage Therapist. Daily tasks include, managing client needs and expectations and designing personal treatment plans for every client.

Personal Trainer, Personal Training Manager; Salt Lake City & Denver — 2014–2019
Started working at Vasa Fitness in 2014 as a personal trainer. Managed up to 100 clients at a time before being promoted to manage the personal training team in Denver. Managed 6 trainers and their schedule and continuing education. Trained the sales department on best practices, and managed my own personal clientele.
